MORAL ESSAYS.

"The education forms the common mind.
Just as the twig is bent the tree's inclined."
Edward the great says in his "Curriculum of
Education" that the education of the young
of today is the education of the future.
The Critic and publisher will incline to
their wishes.

Wanted of 3 lines in The Critic 3 times 25c.

PRICE TWO CENTS.

WOODWARD & LOTHROP.

TO BE REMEMBERED.

That to look over our
"Remnant Day Attractions"
is time well spent, as often
the saving effected in pur-
chases on that day will
range from 25 to 50 per
cent., which is no small
item, and well worthy con-
sideration.

This Friday, in order to
make room for Holiday
Goods, we shall offer even
more than the usual attrac-
tions.

"Odd Sizes" in Hosiery.

If we have not all the
sizes, or all the colors, in a
line of Hosiery, that par-
ticular line is a "Remnant."
Instead of waiting for a cus-
tomer to come for that par-
ticular size or color, we make
the lower price find the cus-
tomer on Friday. Perhaps
we have your size among the
following:

2 pairs Ladies' Fine Lisle Thread Hose,
in handsome "foot pattern," sizes 8 and 9.
Regular price, \$1.00. "Remnant" price, 75c.
2 pairs Ladies' Heavy Lisle Thread Hose,
in handsome "foot pattern," sizes 8 and 9.
Regular price, \$1.00. "Remnant" price, 75c.
4 pairs Ladies' Fine Lisle Thread Hose,
in handsome "foot pattern," sizes 8 and 9.
Regular price, \$1.00. "Remnant" price, 75c.
2 pairs Ladies' Heavy Lisle Thread Hose,
in handsome "foot pattern," sizes 8 and 9.
Regular price, \$1.00. "Remnant" price, 75c.

We have left only 5 doz. of the "odd lots" of
children's "One and One" Ribbed Black Crot-
ton Hose, in size 6 only, which we desire to
get out entirely this Friday. These were
good value at 25c, but having them in one
size only (6 inch), we make a "Remnant"
price of 10c.

3 Pairs for 50c,
which is 5 pairs for the price of 2; would make
excellent Xmas presents.

Black Goods, "Remnants."

While the quantity is not
very large, their desirability
is exceptional. About 30
"short lengths" of Cash-
meres, Drap de Alma, Hen-
rietta Cloth, Boule Suits-
ings, Bunting, Sanglier and
Serge Cloths; also 2 or 3
excellent lengths of 4-4 and
6-4 Black English Crape,
which are well worthy your
examination, the prices be-
ing unusually low.

The unprecedented de-
mand for Handkerchiefs has
caused 2 or 3 lines to be sold
very low. We offer those
remaining Friday as follows:

1 small lot of Men's All-India Colored Bor-
dered Hemstitched Handkerchiefs.
Regular price, \$1.00. "Remnant" price, 75c.
1 small lot of Men's All-India Colored Bor-

dered Hemstitched Handkerchiefs.

necessitated created an un-
usual number of "short
lengths" in Prints, Percales,
Ginghams, Satteens, etc.,
which, in order to cause
their entire disposal Friday,
will be offered.

30 Prints at 60c,

ton Roads, ready to proceed on the winter
cruise to the West Indies and the Spanish
Main, but is detained by the southwest gale
which was raging there today. The ves-

Delegates Gaine's Views.

Caine of Utah has written to the President
a vigorous letter on the subject of the situa-
tion in Utah. He declares that the justi-
fied and other Federal officers are endeavor-
ing to settle upon the Mormons, but that the latter cannot be betrayed
into deeds of violence. He urges an im-
partial hearing to demonstrate to the Presi-
dent the true state of affairs.

Marine Corps Retiring Board.

The retiring board in session at the Marine Bar-
acks here, of which Major Charles H. Ho-
wood, Marine Corps, is president, is en-
gaged to-day in re-examining Captain
Israel H. Washburn, Marine Corps, who
has been recommended for retirement
on the ground of disability. It is understood
that the medical officers of the board did
unite in the idea that Captain Washburn's
disability is permanent.

Navy Mileage.

The regulation that
was adopted some ten days ago by the
retiring board of the Navy, which provides
that officers traveling on orders shall be
paid by a circular issued to-day by the
Secretary of the Navy, will be paid by
pay agents as before, and that the army
will be paid in "official table of distances"
as used in computing the amount to be paid.

Residence of Navy Officers.

The Secretary of the Navy has issued an order di-
recting all navy officers to at once furnish
the Office of Detail with the name of the
town or city and State claimed as their
"actual residence." Changes of official
residence will not be made without due
notice and permission of the Navy Depart-
ment. An officer's legal residence is de-
clared by the officer, and is not his official
or habitual residence. In claims for mileage
the officer must certify to his residence,
which must be furnished the Detail Office.

The Private Lackawanna.

A recent
survey on the frigate Lackawanna at the
Marine Island Navy Yard, Charleston, showed
that it will require at that yard about \$170,-
000 to repair the vessel for active service.
The price was so high that Secretary
Wright called for estimates here to-night, and
sufficiently to make the voyage around
Cape Horn to New York, and the
board reported this expense at \$78,000.
The additional cost for officers and crew, coal,
provisions and stores, and stripping her
after arrival, will be \$83,000, making a total
of \$161,000.

The Howell Torpedo.

Lieutenant Al-
bert R. Conden of the Navy Ordnance Bu-
reau, who is expected here to-night, has
made a partial report to Commodore Mont-
gomery Sigsbee, Chief of Ordnance, relating
to the tests made during the past three
weeks at Michigan City, Ind., with the new
self-actuating torpedo invented by Captain
John Howell of the U. S. Navy. The re-
sults were very satisfactory, and demon-
strated the fact that for 200 to 300 yards the
torpedo can be accurately steered, and that
the mine is a great improvement on the
torpedo. The mine is nine feet long, and one-half
inch in diameter, made of galvanized iron,
and weighs, with its accessories, about 250
pounds. Michigan City was selected for the
experiments because of the fact that the
torpedo is a great improvement on the
torpedo, and that an improved system
of drawing, selecting and summoning juries
be adopted.

The Attorney-General's Report.

In his annual report Attorney-General Garland
recommends that authority be given the
judges of the United States courts to sen-
tence prisoners convicted of first offenses to
such reformatory or graded prisons as may
be selected by the Attorney-General. The
District of Columbia should be provided
with a civil and criminal code of laws. The
Attorney-General suggests the erection on
the grounds adjoining the Supreme Court
of a building for the accommodation of
justice a proper building for the accommo-
dation of the Supreme Court and other
branches of the Federal Government. In
States. In regard to the selection of juries
in the District it is recommended that
the number of jurors be increased to forty-
eight; that the time of service be reduced
to one month; that where a deficiency exists
in the jury that deficiency be supplied
from the box, and that an improved system
of drawing, selecting and summoning juries
be adopted.
